

The goods and services below are those we provide to our customers. **You may choose only the individual items you wish to purchase.** However, any cremation or funeral arrangements you select will include a charge for our basic services (and overhead). If legal or other requirements require you to buy an item or service you did not specifically ask for, we will explain the requirement in writing on the statement we provide describing the goods and services you selected.

“The Complete Cremation”™

DIRECT CREMATION PACKAGE

\$895

This package includes:

- † Removal of the deceased from the place of death and transfer to our facility
(Additional transportation fees—should they apply—are explained on page two)
- † Professional services charge (including basic services of Funeral Director(s) & staff and our overhead)
- † Care & up to ten business days cold storage of the remains
(Additional cold storage fees—should they apply—are explained on page two)
- † Basic minimum cremation container (cardboard) and temporary urn (black or white plastic)
- † Cremation service charge and any state, county or local permits required
- † Telephone, Virtual (*Internet Videoconference*), or In-Person Arrangements
- † Two Death Certificate Certified Copies (additional copies may be purchased at cost)
- † **This package does not include visitation, viewing, ceremonies, or an obituary.**

If you do not want to use our basic minimum cremation container, you may arrange to provide your own alternative container. Alternative containers encase the body and can be made of materials like fiberboard or composition materials (with or without an outside covering). If your alternative container meets the state requirements, you will receive a credit for the cost of our basic minimum container (\$15).

“One Last Goodbye”™

OUTER BURIAL CONTAINER PRICE LIST

All prices include delivery and installation. State or local law does not require that you buy a container to surround the casket in the grave. However, many cemeteries require that you have such a container so that the grave will not sink in. Either a grave liner or a burial vault will satisfy these requirements.
